PROJECTS
Living History: AFHM continues to increase the inventory of video interviews of local veterans and active military members, sharing compelling stories of their service to the nation. These videos are available for viewing on afhmus.org.
Virtual Education: Educational on-line documentaries of military units, personnel, equipment, and technology.
Mobile Museums: Phase 1, The MiniMo, pictured on the cover, a 36’ trailer, travels around the surrounding region to introduce the AFHM to the public. It showcases the military, its technologies, and individuals from the region, who served in uniform, traveling to schools, festivals, conventions, corporate events, and other activities. Email us to have this trailer at your event(s).
Phase 2, in development, a 53’ trailer with 8’ extensions on both sides with 1,000 square feet of interactive museum space.
