

ONE HOPE |

This limited specialty wine pays tribute to New Jersey's involvement in our nation's Revolutionary War. More battles were fought in New Jersey than in any other colony. Among them were the Iron Works Hill and Petticoat Bridge diversionary skirmishes. These efforts pulled Hessian troops away from Trenton thus facilitating General George Washington's victory over the British in that city. The Armed Forces Heritage Museum (AFHM), an all-volunteer non-profit military history organization, is proud to offer this selected series wine in honor of our nation's rich history. Enjoy!
